"Bringing California FRESH flavors to your next banquet"

REVIEWS

Steven ACCIANI
Diamond Bar Highschool
Instrumental Music Dir.

California Cookout is without a doubt the best catering company we have ever worked with. The quality of their food is only matched by their amazing service. They have run events for us with over 800 meals served, and they came off without a hitch. Our families will not let us go with anyone else!

Coach Keith THOMPSON

Track & Field

Our track banquets were normally at the Pomona Mining Company, but due to budget cuts we had to switch it to school. A lot of the parents and athletes were coming up to me all night saying that they preferred the food from the California Cookout to the Mining Company. We had over 215 people and everyone got their food pretty quickly. I was very happy with the cost, service and follow up. I will use this place at my future banquets!!

Ivette LLITERAS
Azusa Pacific University

California Cookout was an absolute winner with our organization, Azusa Pacific University. Every year I search for a vendor to provide our staff with a special Christmas Caterer for our annual Christmas event. This year was the best catered meal yet. The quality & taste of the food was excellent, the service was great, and price fit our budget. Our staff was very impressed by the meal and everyone asked for thier information. We will definitely look to hire California Cookout again in the future for additional catered events.
